## Könyvrészlet

- A1. Takács Márta, *Lattice Ordered Monoids and Left Continuous Uninorms and t-norms*, Book (Book Chapter from): *Theoretical Advances and Applications of Fuzzy Logic and Soft Computing*, ISBN: 978-3-540-72433-9, Book Series: *Advances in Soft Computing*, Publisher: Springer Berlin / Heidelberg, ISSN: 1615-3871, Volume 42/2007, pp: 565-572.
- A2. Marta Takacs, *Approximate reasoning based on distance based operators and similarity measures*, in *Principles of Fuzzy Preference Modeling and Decision Making*, edited by Bernard de Baets and Janos Fodor, Academic Press, Gent, 2003, ISBN 90-382-0567-8, pp: 83-94.  
Cit: Fuzzy control of brush motor-problems of computing, O Péter, D Szabolcs, B Nándor, G László - 2004 - 203.71.32.202, Abstract: This paper deals with the problem of fuzzy control of universal motors and with the application of microcontrollers and minimum electronic (buck converter). The article discusses the issues of realizing the program ...
- A3. Márta Takács: *Fuzziness of Rule Outputs by the DB Operators-Based Control Problems*, in Book Series: *Studies in Computational Intelligence*, Book: *Towards Intelligent Engineering and Information Technology*, Volume 243/2009, ISBN: 978-3-642-03736-8, Publisher: Springer Berlin / Heidelberg, pp. 653-663  
cit: [Could You Check This, Please? Experiences in a Bilingual Environment](#) bmf.hu, L Szedmina - *Acta Polytechnica Hungarica*, 2010 - Abstract: This paper describes some experiences of a proof reader and translator working in a very specific bilingual linguistic environment. Bilingualism has a peculiar effect on the use of technical English, as seen with language users at Subotica Tech. Vajdaság is a unique ...
